Strengths

Weaknesses

Notes

				- Don't give her any space for the 3, but be ready for the drive, she's quick - She carries it on the drive, this is a majority of her turnovers - Rim Finisher
				- We can't give her any space, #1 3pt Threat!!!! - Put pressure on her, she's very weak with the ball - Her shot fakes and jab steps are deadly, gotta stay disciplined on her
				- Does a good job boxing out, we have to contain her - Don't fall for that weak head fake. The ball doesn't even move just her head - Rim Finisher
				- Does a good job boxing out, we have to contain her - Good at shot fakes and creating contact, she's the biggest FT threat. - Her passing decisions are very cringe, we need to pressure her everytime she touches the ball
				- Box her out, she's crashing every time - Anaya has to guard her, the other post might have trouble staying with her - Contact Rim Finisher

Notes

				- When she starts to drive she's going to THROW it up, not looking to pass - Don't bail her out and reach, just wall up when she drives
				- Right Hand finishes only, she'll force it up through a brick wall before using her left hand
				- Athlete, very green when it comes to basketball. She's a more athletic version of Luci - NOT GOING TO HURT US WITH HER JUMP SHOT OR 3 - Play hard, very aggressive.
				- Doesn't handle pressure well, gets very tunnel vision - She's a walking turnover
				- NO LEFT HAND!!!!
				- Not A Threat!!
